

A GREAT NAME

is usually carefully guarded against falling into disrepute. The makers of the clothes bearing this label,

have a great name among clothiers and merchant tailors for their artistic skill in fashioning and designing, extreme care in fabric selections and strict integrity and science in their system of tailoring.

Therefore you may be sure that Stein Bloch clothes are so good that the reputation can never be jeopardized by flaws of style fit or construction.

And your money back at once if you want it, makes "assurance doubly sure."
